| Yuying Li | <ul style="list-style-type: none">● Menubar● Toolbar● Note lists view● Basic model for data manipulation | <ul style="list-style-type: none">● Support window resizing● Support minimize/maximize window● Save local application settings | None |

Outstanding

Do we need help with anything?

Nothing for now.

Decisions

Are there anything else we should capture from this meeting?

- We finalized the data models for the notes app
- We implemented the basics for the MVC design pattern
- We have the basic UI set up for the notes app
- We decided to use HTMLEditor to support rich text for the notes app
