Yuying	Add persistence	Finish implementing	None

| Li | calls for the "recover notes" feature
● Write partial code for the "move notes between groups" feature | the "move note between groups feature"
● Finish building the installation wizard | |

Outstanding

Do we need help with anything?

Nothing

Decisions

Are there anything else we should capture from this meeting?

- Recover recently deleted 5 notes are now supported and its data is persistent
- Preparation work for implementing web service and expanding the service to store data is done
